

Directions to the HUD Office of Healthy Homes and Lead Hazard Control

Our address is 490 East L'Enfant Plaza, Room 3206. Our building is located on L'Enfant Plaza. It is on the south side of Lowes L'Enfant Plaza Hotel. We are not located in the main HUD building. Our building is behind (to the west of) the HUD building. Office phone: 202.755.1785

by Metro:

The HUD Office of Lead Hazard Control is directly accessible from Metro's L'Enfant Plaza station, on every line except the Red Line. (Metro trains come directly here from National Airport.) Exit the station at the 9th Street/L'Enfant Plaza exit and enter through the glass doors to the indoor "Promenade" shopping center/food court, turn right at the Roma and Frank 7 Stein restaurants/(down the main shopping corridor), and left at the carpeted steps which are located about 100 ft. down the corridor on the left side (there will be sign saying 490 L'Enfant Plaza) (there will also be steps off of the corridor on your right near a Lock and Key shop). Proceed to the elevators which you should take to the 3rd floor. The Lead Hazard Control Office is in a suite immediately adjacent to the elevators; proceed to the double doors marked 3206 and ring the buzzer to be let in.

by taxi:

Taxi riders should ask for "L'Enfant Plaza, Leow's Hotel." The office entrance is under the green awning marked "490," on your right as you drive toward the hotel. From the small "490" lobby (not the main hotel lobby), take an elevator from this "Plaza" level to the third floor. The Lead Hazard Control Office is in suite 3206, next to one bank of elevators. Ring the buzzer to be let in.

private car:

Automobile riders should park at the garage below L'Enfant Plaza.

- From Virginia, take 395 to the 12th Street/L'Enfant Plaza exit, take the right-side, L'Enfant exit at the split, turn right at the light on D Street SW just after the exit, go to the end of the block and make a U-turn (marked "Hotel Parking") to enter the garage on the other side.
- **From Maryland: take B-W Parkway to New York Ave. (exit to right). Proceed until intersection that exits to left for 395 South (about 2-3 miles). Follow road through 2 tunnels, staying to right onto 395 south after 2nd, longer tunnel. Take 395 (stay to right) and quickly turn off the 6th Street/L'Enfant Plaza exit, get in the left lane of the exit before it splits, and then the right lane of Frontage St. after the church to go straight across 7th Street. Continue on Frontage St. until the right turn for L'Enfant Plaza, and then make a right turn into the garage.**
- From the DC streets, drive to 7th and D Streets SW, turn to D Street going west (toward the overpass), pass by the 395 entrances, turn left at the light under the overpass, go to the end of the block and make a U-turn (marked "Hotel Parking") to enter the garage on the other side. Enter the garage's left lane for the parking attendant. Walk forward to the back wall, take the elevator from the G2 level to the Promenade level, turn right, walk across the Promenade to the stairs, go up a few steps, then take the elevator to the third floor. The Lead Hazard

Control Office is in room 3202, next to one bank of elevators.
